## **Camp NAVIGATOR<sup>TM</sup>**

Camp *NAVIGATOR<sup>TM</sup>* aims to address the issues that Secondary One students face, when they move up from primary to secondary school: change and transitions. As proper management of change will lead to proper transitions, the students will be well-adjusted in their new environments. Coupled with correct attitudes, students will be set up for success, right from the beginning of their secondary school lives. During this camp, students will go through activities that are fashioned to equip them with the necessary skills that are needed to acclimatize them to the unfamiliar territories of their secondary school life.

## **Camp TEAM-BUILDER<sup>TM</sup>**

Camp *TEAM-BUILDER<sup>TM</sup>* seeks to bring students onto the learning journey of self and social awareness. Through the activities, students will come to appreciate the diversity that is inherent in the environment that they are in. The students will also come face-to-face with issues that prevent them from building wonderful and meaningful relationships with one another. In the midst of the fun and play, they will learn how to tap on their individual strengths and problem solve as a team.

## **Camp CONQUEROR<sup>TM</sup>**

Camp *CONQUEROR<sup>TM</sup>* aims to bring student to awareness of what it means to have mental strength, in the face of adverse and unforeseeable situations. The activities in the camp are specially designed to bring out the 3 'C's of psychological hardiness (Kobasa, 1999). This learning journey will bring them face-to-face with their strengths, weaknesses, fears and stumbling blocks which prevent them from fulfilling their destiny in life. Within the safe confines of the campsite, both the physical and mental mettle of the students will be pushed to their limits.

## **Camp PEAK-PERFORMER<sup>TM</sup>**

Camp *PEAK-PERFORMER<sup>TM</sup>* focuses on helping students see that achievements in their lives are attainable, well within their reach. The activities of the camp are specially designed to help the students realize that the final lap of their secondary school life is not as daunting as they perceive it to be. By equipping them with the necessary skills and the right mindsets, the students will be able to start conquering their final lap.
