

HIGH ACHIEVERS COHORT LEADERSHIP SOLUTIONS

MAKING A DIFFERENCE I™

Making A Difference™ believes that everyone can and should exercise personal and interpersonal leadership that is effective and positive. It encourages and challenges the participants to take up personal ownership to be their best, establishing them in fundamental principles of leadership and imparting awareness in the various skills needed to develop their leadership influence and impact to others.

MAKING A DIFFERENCE II™

Making A Difference II™ progresses the participants in their self-leadership potential by imparting higher level awareness and skills that nurture and complete their ability to influence and impact others in a wider spectrum of their class and CCA.

MAKING A DIFFERENCE III™

Making A Difference III™ takes those with a basic understanding of leadership and raise them higher in willingness and skills-readiness to step up to the call to serve others, including those that are beyond their immediate circle of influence.

INNOVATIVE LEADERS™

Problems represent unmet needs and opportunities for people to shine. Innovative Leaders™ seek to inspire ordinary students to make a difference in their school's CCA, Uniform Body and Student Council, through understanding that true innovation is about creating something of value that solves a problem or brings breakthrough to a situation. Innovative Leaders™ seeks to develop pro-active solution seekers who possess resilience and a strong spirit of enterprise.
