

SELECTED LEADERS : LEADERSHIP PRINCIPLES

ESSENCE OF LEADERSHIP™

Many aspiring student leaders face unnecessary challenges and do not reach their full potential because they lack good leadership foundations. Essence of Leadership™ aims to establish these fundamental principles of leadership for the effectual development of the student leaders. It deals comprehensively and realistically with their roles, attitudes, mindsets and behaviors; inspiring and equipping selected leaders towards a call to greater action and benefit to their institution.

ADVANCING LEADERSHIP EFFECTIVENESS™

Advancing Leadership Effectiveness™ is a programme specially developed to combine the strengths of timeless foundational leadership skills with modern day exemplary leadership practices that have brought individuals, family units, schools and corporate organisations to great heights of success. It equips the participants with creative skills, resourceful principles, and strong enterprising leadership mindsets.

CUTTING EDGE LEADERSHIP™

A strategic leader seeks to go beyond the forms and activities and asks questions about effectiveness, and inspires others to follow their example and their sense of vision. Through Cutting Edge Leadership™, student leaders grow in appreciation of the need to have a strategic view of issues and situations, and be able to facilitate meaningful activity in their student bodies; adopting a cutting-edge leader's mindset to lead their team toward success.

LIVING & LEAVING A LEGACY™

Living & Leaving A Legacy™ inspires participants with a strong energized purpose to live a life of great impact in servant leadership to others, and to practically equip them with concrete approaches to effectively and strategically pass on the reign of their leadership through effective mentoring of future leaders for leadership succession.

High Achievers Leadership
